

## Soft Skill Workshop

The Maharashtra College of Science and Commerce had organized Soft skill development workshop for the final year students. The programme was conducted for 10 days.

The topics covered during the seminar include personality development, goal setting, self motivation, resume writing, interview techniques, stress management, leadership etc. The faculties from different colleges, corporate trainers and internal faculties guided the students during the seminar. The students enjoyed various games, interactive sessions during the workshop.

The seminar concluded with the feedback session and vote of thanks by the coordinator.
